DENTAL OF HOUSTON

*Lynette N. Crouse, D.D.S.*

Welcome to our dental practice! On behalf of the entire dental team, allow me to thank you for entrusting us with the care of your smile. There are a few policies we would like to discuss with you to ensure that all of your dental visits are as pleasant as possible.

## Office Philosophy

We strive for excellence in every aspect of our dental care. We believe in using the highest quality materials and the highest standards of sterilization to provide you with the treatment that you deserve. Your appointment time is reserved especially for you so that time and attention are given to your treatment. We promise to be respectful of your time and expect the same from you. A scheduled appointment is considered a confirmed appointment. We understand that emergencies may arise that could prevent you from making your appointment. Please, notify us at your earliest possible convenience so that we may take care of another patient in your place.

Unless prior arrangements have been made, payment is due on the day services are rendered. Remember that your dental bill is your responsibility. We will be happy to discuss your estimated insurance benefits and any questions you may have.

Welcome to your new dental home and family! We love to see your smile!
